

Heart diagnosis in Ireland

Do you know that wait times for an **ECHO test in Ireland** can be up to **1 year?!**

Public hospital
6 to 12 months
wait time

80%

of public hospitals **DO NOT** offer GPs direct access to echocardiograms.

LACK

of trained personnel!

NOT

enough streamlined referral pathways

THE WAY A PATIENT RECEIVES ECHO TEST:

Reduce the backlog by bringing ECHO to GPs

Solution 1

Portable ECHO

Portable ECHO can be included in Primary Care next to ECG.

- Takes **many months of training** for basic understanding
- Need **cardiologist or specialist** to interpret the **report**
- Price for testing from **\$200**
- Time for testing: **40-60 min**

Solution 2

CHART

ECHO + ECG + Stethoscope in one device.

- **20 min to learn** how to use it
- **NO need of specialist** to interpret the **report**
- Price for testing **\$18**
- Time for testing: **7-10 min**
